

# Dental Licensure Objective Structured Clinical Examination (DLOSCE) 2022 Candidate Guide

**IMPORTANT NOTE:** COVID-19 continues to have an impact on examination programs implemented by DTS. Candidates testing in 2022 should regularly monitor the DTS COVID-19 update document, posted on the Examination Program website, for its potential impact on the Examination Program.

You are required to read this document before you apply to take the examination.

At the time of application, you will be required to confirm that you have read this document, understood its contents, and agree to the policies and procedures contained herein.

Changes in the Dental Licensure Objective Structured Clinical Examination (DLOSCE) might occur after publication of this Guide and will be posted on the Joint Commission on National Dental Examinations page at [www.ada.org/DLOSCE](http://www.ada.org/DLOSCE). You will be subject to the policies and procedures currently in effect at the time of your test administration

## ABOUT THIS GUIDE AND EXAMINATION PROGRAM

This document is the official candidate guide for the Dental Licensure Objective Structured Clinical Examination (“DLOSCE” or the “Examination”). It provides information about application and examination procedures, program policies, examination content, test security, ramifications of rule violations, and scoring. The governing body for the DLOSCE is the Joint Commission on National Dental Examinations (“JCNDE” or “Governing Body”). The DLOSCE is implemented by the Department of Testing Services (“DTS”). The JCNDE is an agency of the American Dental Association (“ADA”), while DTS is a shared service of the ADA. Examinations are administered by Prometric (“Prometric” or “Administration Vendor”). Collectively, the Governing Body, DTS, and the set of activities, policies, and procedures occurring in support of this examination are referred to as the “DLOSCE Program” or simply the “Examination Program.”

## PURPOSE OF THE DLOSCE

The purpose of the National Board Examinations (NBE) (NBDE Part II, INBDE, DLOSCE, and NBDHE) is to assist dental boards in determining the qualifications of those who seek licensure to practice dentistry or dental hygiene. These examinations assess the ability to understand important information from the biomedical, clinical, and/or dental sciences, and apply this information in a problem-solving context. Dental boards use the information provided by these examinations to help protect the public health.

Acceptance of examinations is at the discretion of licensing jurisdictions. Currently, all United States licensing jurisdictions recognize the NBDE Part II, INBDE, and NBDHE; these jurisdictions include all 50 states, the District of Columbia, Puerto Rico, Guam, and the US Virgin Islands. The DLOSCE is intended for use solely by jurisdictional dental boards in the United States and its territories. Please see [www.ada.org/DLOSCE](http://www.ada.org/DLOSCE) for information concerning the specific licensing jurisdictions that currently accept DLOSCE results as either full or partial fulfillment of board clinical licensure examination requirements.

## EXAMINATION FAIRNESS

Fairness, diversity, and inclusion are values that are of critical importance to society and to health professions. The Governing Body and DTS have devoted and continue to devote substantial time and energy to these considerations, to comprehensively consider the relevant issues and implement examination programs that are fair, valid, and reliable, providing candidates with the opportunity to demonstrate their knowledge, skills, and abilities in support of accurate and valid skill measurement. Fairness efforts are rooted in professional standards as promulgated in the *Standards for Educational and Psychological Testing*<sup>1</sup>. This document — published by the American Educational Research Association, American Psychological Association, and National Council on Measurement in Education—provides professional guidance on all aspects of testing, and specifically notes that fairness is fundamental to validity.

Fairness considerations are embedded throughout this Examination Program, affecting every aspect of how this examination is constructed, administered, scored, and reported, appropriately recognizing the critical importance of fairness to society and reflecting the core values of those who work closely and care deeply

## DLOSCE ADMINISTRATION WINDOWS

The DLOSCE is administered in testing windows, with candidates permitted one administration per window. Upcoming administration windows are as follows:

Testing Window	First Day of Testing	Last Day of Testing	Candidates and dental boards receive examination results no later than:
1	Apr 7, 2022	May 10, 2022	June 7, 2022
2	July 7, 2022	Aug 9, 2022	Sep 6, 2022
3	Dec 15, 2022	Mar 15, 2023	Apr 15, 2022
4 (retake only*)	Apr 18, 2023	Sep 30, 2023	4 weeks after candidate attempts exam

\*This “retake only” testing window is available only to candidates who failed the DLOSCE during Testing Window 3 Dec 15, 2022–Mar 15, 2023).

Additional information is available in the “Administration Schedule, Testing Windows, and Retest Policy”

<sup>1</sup>American Educational Research Association, American Psychological Association, National Council on Measurement in Education. (2014) Standards for Educational and Psychological Testing. Washington, DC: Author.

## ETHICAL CONDUCT

Oral health care professionals play an important role in society by providing services that contribute to the health and well-being of individuals and their communities. In light of this responsibility, oral health care professionals must behave ethically at all times. This obligation begins at the time of application to school and continues through the educational process, the licensure process, and the entirety of professional practice.

Members of the dental profession voluntarily abide by the ADA Principles of Ethics and Code of Professional Conduct in the interest of protecting patients and maintaining the trust of society. The ADA Principles of Ethics and Code of Professional Conduct is found at this link: <https://www.ada.org/en/about-the-ada/principles-of-ethics-code-of-professional-conduct>

The purpose of this Examination Program is to provide state boards with information as to whether a candidate possesses the necessary skills to safely practice at an entry-level. Accordingly, all candidates are expected to pass the examination on their own merit without assistance and are expected to maintain confidentiality with respect to examination content.

Applicants are expected to abide by these ethical standards and to read, understand, and comply with the examination regulations and rules of conduct guiding this examination. The obligation to abide by these ethical standards includes a commitment to honesty, truthfulness, full disclosure, accuracy, fairness, and integrity in all matters pertaining to examinations you may complete now and in the future (examination applications, examination procedures, applications for licensure, etc.).

Behavior that results in misconduct or irregularity in the examination process is a very serious matter. Violation of the rules of conduct or examination regulations may result in civil liability, voiding of examination results, retest penalties, or other appropriate penalties.

Under certain circumstances, misconduct or irregularity in the examination process may be reported to relevant licensing authorities. A candidate who acts unethically risks potential delay, denial, suspension or loss of licensure.

The Examination Program Governing Body, state boards, and the profession expect strong ethical behavior from all candidates. The Governing Body annually publishes policies and procedures applicable to misconduct and irregularities in the application and examination process. This information is available in later sections of this document. The Governing Body expects all candidates to carefully read and understand this information and their obligations as candidates for this examination.

## EXAMINATION CONTENT AND PREPARATION MATERIALS

### EXAMINATION CONTENT AND SPECIFICATIONS

The DLOSCE is a comprehensive examination, covering the following topic areas:<sup>2</sup>

- **Restorative (24%)**
  - Diagnosis
  - Preparations
  - Restorations
    - Direct
    - Indirect
- **Prosthodontics (19%)**
  - Removable
  - Fixed
  - Implants

---

<sup>2</sup>The percentages provided reflect the targeted percent of points allocated to each topic area indicated. The actual percent allocated may vary slightly across examination forms.

# EXAMINATION CONTENT AND PREPARATION MATERIALS

## EXAMINATION CONTENT AND SPECIFICATIONS (continued)

- **Oral Pathology, Pain Management, and Temporomandibular Dysfunction (13%)**
  - Oral Pathology/Oral Medicine
  - Orofacial Pain and Temporomandibular Dysfunction
- **Periodontics (10%)**
  - Diagnosis
  - Treatment Planning
  - Etiology
- **Oral Surgery (9%)**
  - Diagnosis
  - Treatment Planning
  - Extractions
- **Endodontics (8%)**
  - Diagnosis
  - Treatment Planning
  - Emergency Management
  - Post-treatment Evaluation
- **Orthodontics (6%)**
  - Treatment Screening
  - Space Management
- **Medical Emergencies (6%)**
  - Diagnosis
  - Management
- **Prescriptions (5%)**
  - Antibiotic
  - Analgesic

Diagnosis and Treatment Planning—as well as Occlusion—are covered across the listed topic areas.

The DLOSCE includes questions involving patients of various types and backgrounds, including pediatric, geriatric, special needs, and medically complex patients.

The Universal/National System for tooth notation that has been adopted by the American Dental Association (ADA) is used. This system is a sequential tooth numbering system, designating the permanent dentition (numbers 1-32), and the primary dentition (letters A-T).

### 3D Models and Tutorial

The DLOSCE contains questions involving lifelike three-dimensional (3D) models that can be manipulated, zoomed in and out, moved, and rotated. The JCNDE has made an online tutorial available, so that candidates can practice interacting with this 3D model before they arrive at the test center. Click below to access this tutorial and to practice viewing and manipulating a 3D model. Questions involving 3D models include a help section represented by a question mark in the upper right-hand corner of the screen. Clicking on the question mark will display instructions on how to manipulate the model.

More information regarding the 3D model is available on the DLOSCE website at <https://www.ada.org/en/jcnde/dental-licensure-objective-structured-clinical-examination/test-preparation>.

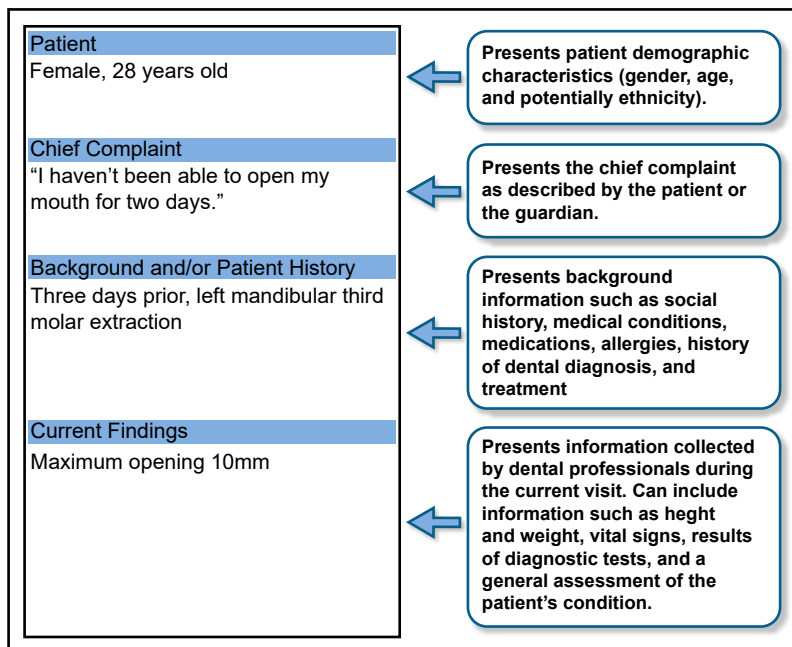

Candidates should practice interacting with the linked 3D model BEFORE their testing appointments.

# EXAMINATION CONTENT AND PREPARATION MATERIALS

## EXAMINATION CONTENT AND SPECIFICATIONS (continued)

### PATIENT BOX

Some questions in this examination involve a Patient Box. The Patient Box presents information available to the dentist and dental hygienist at the time of the visit. If no information is presented in a given area of the Patient Box, assume the information is either unknown or is not available. For example, if no allergies are listed, assume the patient has no known allergies at the time of visit. Always consider information presented in the Patient Box when answering questions and pay close attention to all provided patient information.

### Endodontic Chart Example

Endodontic examination results are sometimes provided in the tabular format shown below. Results of percussion tests and palpation tests are indicated with positive signs (+) or negative signs (-). Results of cold tests are indicated with positive signs (+), or with the term "no response." Results of electric pulp tests (EPTs) are also provided.

Tooth #	Percussion	Palpation	Cold	EPT
7	-	-	no response	80/80
8	-	-	+	30/80

### Multiple-Choice Examination Questions

The DLOSCE is made up primarily of multiple-choice examination questions representing clinical problems that the candidate must solve. A multiple-choice question consists of a stem, which poses the clinical problem, followed by a list of possible answers. The stem of an examination question is usually either a question or an incomplete statement. The DLOSCE contains two types of multiple-choice questions. Both are described on the next page.

# EXAMINATION CONTENT AND PREPARATION MATERIALS

## EXAMINATION CONTENT AND SPECIFICATIONS (continued)

### *Single correct answer*

These questions consist of a stem, which poses a clinical problem, followed by a list of possible answers. A candidate can only select one answer, and only one of the possible answers is correct. If the candidate selects the correct answer, they earn full credit (i.e., 1 point) for the question; otherwise they earn no credit. Below is an example of a multiple-choice question with a single correct answer.

#### Sample Question 1

Select the **ONE** correct answer.

Which is the most likely diagnosis?

- a. Linea alba
- b. Fordyce granules
- c. Leukoedema
- d. Leukoplakia/hyperkeratosis
- e. Frictional/trauma keratosis
- f. Mucosal burn
- g. Lichen planus
- h. Candidiasis
- i. Hairy leukoplakia
- j. Lupus erythematosus
- k. White sponge nevus
- l. Erythema migrans/geographic tongue
- m. Hairy tongue
- n. Verrucous carcinoma

# EXAMINATION CONTENT AND PREPARATION MATERIALS

## EXAMINATION CONTENT AND SPECIFICATIONS (continued)

### One or more correct answers

These questions consist of a stem, which poses a clinical problem, followed by a list of possible answers. One or more of the possible answers is correct. To earn full credit (i.e. 1 point), a candidate must select all of the correct answers, and avoid selecting any of the incorrect answers. A candidate who selects an incorrect answer automatically earns no credit for the question. A candidate can earn partial credit if they select some of the correct answers and avoid selecting any of the incorrect answers. Some possible answers may be designated as *neutral*. Candidates neither gain credit nor lose credit for selecting a neutral answer. An answer choice can be designated as neutral if it cannot be judged definitively based on the information presented in the question. An answer can also be designated as neutral if subject matter experts disagree on whether or not it is correct.

Below is an example of a multiple-choice question with two correct answers and one neutral answer.

### Sample Question 2

Select **ONE OR MORE** correct answers. Any **INCORRECT** selections will result in your earning **NO CREDIT** for this question.

What should be included in a differential diagnosis?

	Credit awarded if option chosen	Penalty: All credit lost for this question
a. Normal anatomical variant		X
b. <i>Developmental condition</i>		X
c. Allergic or immune-mediated condition		X
d. Localized viral infection		X
e. Localized fungal infection		X
f. Localized bacterial infection		X
g. Traumatic lesion		X
h. <b>Cyst or benign tumor</b>	+0.5 pt	
i. <b>Malignant tumor</b>	+0.5 pt	
<b>Total Possible Credit</b>	<b>1 point</b>	

In the hypothetical example shown above, there are two correct answers indicated in bold text: “Malignant tumor” and “Cyst or benign tumor.” There is one neutral answer, which appears in italicized text: “*Developmental condition*.” The remaining answers are incorrect. To earn full credit (i.e., 1 point), a candidate must select **both** of the correct answers and avoid selecting any of the incorrect answers. A candidate can earn partial credit or half of one point in this example by selecting only one of the correct answers (e.g., “Malignant tumor”) as long as they also avoid selecting any of the incorrect answers. **A candidate who selects an incorrect answer will automatically earn no credit for the question, even if they also select one or both of the correct answers.** Candidates neither gain credit nor lose credit for selecting the neutral answer.

**Candidates should think carefully when responding, so they identify the correct answer(s) while steering clear of any incorrect selection(s) that could result in the loss of all available credit for a question.**

# EXAMINATION CONTENT AND PREPARATION MATERIALS

## EXAMINATION CONTENT AND SPECIFICATIONS (continued)

For certain questions, selecting a particular response can result in candidates earning full credit for the question, as long as they avoid selecting any of the incorrect answers. An example is provided below.

Sample Question 3

Select **ONE OR MORE** correct answers. Any **INCORRECT** selections will result in your earning **NO CREDIT** for this question.

In addition to patient education, which is indicated for management?

	Credit awarded if option chosen	Penalty: All credit lost for this question
a. No treatment		X
b. Topical antibiotic		X
c. Systemic antibiotic		X
d. Topical corticosteroid		X
e. Topical antifungal		X
f. Systemic antifungal		X
g. Systemic corticosteroid		X
h. Topical antiviral		X
i. Systemic antiviral		X
j. Topical anesthetic		X
k. Systemic analgesic		X
l. <b>Eliminate local etiological factors</b>	Full credit (1 pt)	
m. <b>Biopsy</b>	Full credit (1 pt)	
<b>Total Possible Credit</b>	<b>1 point</b>	

In the hypothetical example shown above, there are two, fully correct answers indicated in bold text: “Eliminate local etiological factors,” and “Biopsy.” A candidate can earn full credit (i.e., 1 point) for selecting one or both correct answers, as long as they also avoid selecting any of the incorrect answers. Candidates who select both correct answers still earn a maximum of one point for the question. A candidate who selects an incorrect answer will automatically earn no credit for the question, even if they also selected one or both of the correct answers.

# EXAMINATION CONTENT AND PREPARATION MATERIALS

## Prescription Tasks

The DLOSCE contains two prescription tasks. These tasks require a candidate to review a Patient Box and determine an appropriate prescription for the patient described therein. One of the prescription tasks involves antibiotics, while the other involves analgesics.

For each prescription task, a candidate must

- 1) review a Patient Box, which provides information about the patient for which the prescription will be written;
- 2) select an appropriate medication from a list;
- 3) specify the strength of the tablet/capsule (e.g., 500 mg);
- 4) specify the total number of tablets/capsules that should be dispensed;
- 5) identify the number of tablets/capsules that should be taken per administration;
- 6) specify whether or not the patient should take a loading dose; and
- 7) identify the frequency of administration (e.g., once a day until finished, twice a day as needed)

Candidates can earn a minimum of zero points and a maximum of four points for each prescription task. Prescription task responses are evaluated against a scoring key established by subject matter experts. Based on the combination of responses selected by the candidate, it is possible to receive no credit, partial credit, or full credit for each prescription task.

## EXAMINATION PREPARATION AND RESOURCES

The JCNDE recommends that candidates use clinical experience, textbooks, and lecture notes as primary sources for study.

The JCNDE does not endorse or recommend any specific texts or other teaching aids (e.g., review courses) that are identified as DLOSCE preparation materials. However, the JCNDE has provided practice questions to assist candidates in their preparations to challenge the DLOSCE.

## Practice Questions

DLOSCE practice questions are available at [www.ada.org/DLOSCE](http://www.ada.org/DLOSCE) under Test Preparation.

DLOSCE practice questions are intended for individual study by educators and students within CODA accredited dental education programs. They may also be used for individual study by dental licensure candidates who seek to challenge the DLOSCE but have been educated by dental education programs NOT accredited by CODA. All DLOSCE practice questions are copyrighted. Practice questions may NOT be reproduced in any format, whether paper or electronic, without the expressed, written permission of the JCNDE.

The JCNDE believes that practice questions are best used to familiarize candidates with item formats, as opposed to serving as a study aid. The JCNDE does not guarantee that the information in DLOSCE practice questions is accurate, current, or relevant. Practice questions may no longer be consistent with current examination specifications, content emphasis, item formatting guidelines, and examination structure. Professional test publishers reserve their best questions for use in actual, high-stakes test administrations, as opposed to serving as practice questions. Due to the dynamic nature of dentistry, practice test materials may be outdated. Candidates are cautioned not to limit their examination preparation to the review of practice questions.

Please visit [www.ada.org/DLOSCE](http://www.ada.org/DLOSCE) to view the latest information, updates and FAQs regarding the DLOSCE, so you are fully informed of any developments that might affect administration of the DLOSCE.

# EXAMINATION CONTENT AND PREPARATION MATERIALS

## Tutorial

Candidates will be given an opportunity to take a brief tutorial at the test center before beginning the examination. The tutorial provides the opportunity to become familiar with the steps involved in proceeding through the examination.

## Test Drive

Prometric offers a Test Drive to allow candidates to become familiar with the testing experience. In 30 minutes, candidates can experience a preview of the testing experience that will be encountered on the actual testing day, including:

- the complete check-in process.
- introduction to test center staff and surroundings.
- a live 15-minute sample test (generic test, not the DLOSCE) to experience the testing process.

Visit Prometric's Test Drive at <https://www.prometric.com/test-drive> for further details and pricing.

## CONFIDENTIALITY OF EXAMINATION MATERIALS

Examination items represent confidential, copyrighted intellectual property. Obtaining, using, or distributing examination questions—also referred to as examination items—is strictly prohibited, regardless of the method employed (memorization, recording, copying, or other means). This prohibition includes the discussion, distribution, or online posting of remembered examination questions or answers, in whole or in part.

The use or sharing of examination questions violates the examination regulations and rules of conduct of this testing program. Such activities could provide an unfair advantage to individuals, or groups of individuals, and threaten the validity and credibility of the examination. Since all examinations are copyrighted property, these prohibited activities also violate federal copyright laws.

**The Department of Testing Services investigates all reports and allegations of candidates' alleged generation, misuse, or sharing of confidential examination materials, and will pursue formal action against anyone who violates examination regulations or federal copyright law. Violations could result in the voiding of examination results, legal action, or other appropriate penalties.**

## RESULTS INFORMATION

### RESULTS REPORTING

NBE results are reported as pass/fail; results are reported only as "pass" for candidates who achieve passing scores. For remediation purposes, candidates who fail an examination receive information about their performance in each of the major disciplines or subject areas covered on the examination. With respect to candidates who tested prior to 2012, numerical scores for prior attempts are still reported.

The status of "pass" is reported for candidates who achieve a scale score of 75 or higher. The status of "fail" is reported for candidates who achieve a scale score below 75.

## RESULTS REPORTS

DLOSCE results are typically available approximately four to five weeks after the close of the administration window. The preceding implies that candidates who test at the end of the administration window will receive their results approximately five weeks after the administration date, whereas those who tested earlier within the window will need to wait the aforementioned five weeks plus the amount of time that remains in the administration window, before results are received. Results can be viewed online by logging into the My Account page at <https://jcnde.ada.org/en/examinations/my-account>

By signing their application, candidates educated by accredited programs (either currently enrolled or who have graduated within the last five years) give express permission for their results to be shared with the dean and their designee(s).

Results are provided to others if permission is granted in the form of a results report request from the candidate, or if such delivery is consistent with or required by JCNDE policy.

If misconduct has occurred concerning a past administration, at the discretion of the JCNDE results reports may contain information concerning the incident (see *Examination Regulations and Rules of Conduct*).

After receiving their results report, candidates may request that additional reports be sent to other entities. Candidates must confirm the accuracy of these requests.

### **Fees are nonrefundable and nontransferable.**

Results report requests can be made at ADA.org/DLOSCE. DTS will provide a history of results to state boards of dentistry and any additional recipients indicated.

## RESULTS AUDITS

As a routine part of the overall results verification process, candidate examination responses and results are audited for accuracy before results are distributed. Candidates can request to have examination results audited or rechecked for accuracy. To request a results audit, login to your account and follow the audit request instructions. There is an additional charge to audit your results (see the Examination Fees section of this Guide). Audits require approximately four to six weeks to complete, and must be requested within 30 days of the reporting date indicated on the official report of results.

# ELIGIBILITY REQUIREMENTS

The JCNDE does not discriminate based on race, ethnicity, religion, gender, age, disability, sexual orientation, or marital status.

Eligibility requirements differ based on factors such as the candidate's educational background (e.g., educated by a program accredited by the Commission on Dental Accreditation (CODA) vs. not) and current stage of education (e.g., current vs. former student). Additionally, unless otherwise indicated, policies that apply to candidates educated by CODA accredited programs also apply to candidates educated by programs accredited by the Commission on Dental Accreditation of Canada (CDAC) who are seeking licensure in the US. This occurs through a reciprocal agreement.

Candidates must qualify for examination through one of the following provisions:

## Education through CODA Accredited Programs:

### Current Student – CODA Accredited Program

A current student in a CODA accredited program is eligible for examination when the dean (or their designee) provides confirmation that the student is prepared in all applicable disciplines.

### Former Student – CODA Accredited Program

A former student who has completed courses in preparation for this examination—but is no longer enrolled in the same program—is eligible for examination only if admitted or “conditionally admitted” to another CODA accredited program in the applicable area of study. “Conditionally admitted” is defined as admission contingent upon successful completion of this examination. Verification must be in the form of a letter from the dean of the CODA-accredited program.

### Dentist – Graduate of CODA Accredited Program

A dentist who is an active, life, or retired member of the American Dental Association at the time of application is eligible for examination without further documentation.

An affiliate member or nonmember must submit a copy of their diploma or provide other appropriate verification of their degree.

## Education through Programs Not Accredited by CODA

### General Provisions

ALL candidates educated by non-CODA-accredited dental programs must have their educational degree confirmed through Educational Credential Evaluators Inc. (ECE). ECE prepares reports providing confirmation of candidate educational degrees earned in other countries.

### Current Student – Non-CODA-Accredited Program

A current student attending a non-CODA-accredited program must adhere to the General Provisions indicated above. Additionally, these students must have their status confirmed by their educational program, through the completion of the Certification of Eligibility form. Completed certification forms must be sent by the educational program and must include both the seal of the university and the signature of the dean or registrar.

### Dentist – Graduate of a Non-CODA-Accredited Program

Candidates in this category must adhere to the General Provisions indicated above.

# EXAMINATION INFORMATION

## EXAMINATION FEES

Fees are non-refundable and non-transferable. All fees are in U.S. dollars.

FEE TYPE	DESCRIPTION	FEE AMOUNT
DLOSCE Fee	This fee includes official results reporting to the candidates and the dean of an accredited dental school. Reports are delivered electronically to dental schools through the DTS Hub.	\$950
Processing Fee for International Candidates	This processing fee applies to candidates who are students or graduates of a dental school not in the United States or Canada.	\$300
Results Report Fee (optional)	This fee covers a single results report for a recipient <b>NOT</b> selected at the time of application.	\$50 per report
Results Audit Fee (optional)	DTS is willing to audit a candidate's results if the request is received within 30 days of the reporting date on the official results report.	\$65

## RESCHEDULING FEES

Candidates may reschedule testing appointments for a fee, and with appropriate notice given. The rescheduling fee is based on the amount of notice provided. The reschedule date must fall within the authorized eligibility period. Rescheduling fees are subject to change.

# OF DAYS PRIOR TO TESTING APPOINTMENT	RESCHEDULE FEE
30 or more business days* before test date	Reschedule made on or before 6/30/22: \$25 <b>Reschedule made on or after 7/1/22: \$40**</b>
5 – 29 business days before scheduled test date	Reschedule made on or before 6/30/22: \$60 <b>Reschedule made on or after 7/1/22: \$70**</b>
1 – 4 business days before scheduled test date	\$150
Penalty if candidate fails to appear for a scheduled testing appointment OR presents more than 30 minutes after the scheduled start time and is refused admission	Full testing fee will be forfeited

\*Saturday and Sunday are NOT business days

\*\*On July 1, 2022, these rescheduling fees increase

# EXAMINATION INFORMATION

## ADMINISTRATION SCHEDULE, TESTING WINDOWS, AND RETEST POLICY

The total administration time for the DLOSCE is six (6) hours and 45 minutes, including the tutorial, optional scheduled breaks, and a survey. For a content outline of the examination, see the Examination Specifications in this Guide. The following table provides the DLOSCE administration schedule.

EXAMINATION SCHEDULE	
Sections	Minutes
Tutorial (optional)	25
<b>Section 1</b> (37 Questions)	75
Scheduled Break (optional)	10
<b>Section 2</b> (37 Questions)	75
<b>Section 3</b> (2 Prescription Tasks)	10
Scheduled Break (optional)	30
<b>Section 4</b> (37 Questions)	75
Scheduled Break (optional)	10
<b>Section 5</b> (37 Questions)	75
Post-examination survey	20
<b>Total Time</b>	<b>6 hours 45 minutes</b>

Taking a break at any time other than a “Scheduled Break” is considered an “Unscheduled Break.” During an Unscheduled Break, candidates may NOT access personal belongings or prohibited items, study, refer to notes or texts, use a telephone, eat or drink any food or beverages, or leave the test center. Locker access during an Unscheduled Break is strictly prohibited.

The following administration and retest policies apply:

- DLOSCE candidates are limited to one administration attempt per testing window.
- DLOSCE candidates who choose not to test within the window for which they have been approved will forfeit all application fees.
- Candidates who have not passed the examination within five attempts or five years from their first attempt are limited to one examination attempt per 12-month period.
- The DLOSCE is administered in the US, for use by US dental boards.

Candidates are encouraged to check [www.prometric.com](http://www.prometric.com) to understand site availability for DLOSCE administrations.

# EXAMINATION INFORMATION

## APPLICATION PROCEDURES

Before proceeding with an application for this examination, candidates must register for a DENTPIN® or retrieve their existing DENTPIN at [www.ada.org/DENTPIN](http://www.ada.org/DENTPIN).

Submit an application on [www.ada.org/DLOSCE](http://www.ada.org/DLOSCE). A new application and fee must be submitted every time a candidate applies to take an examination. A submitted application will be processed only if the candidate meets all eligibility requirements for testing. Application processing takes place Monday through Friday, during normal business hours.

DLOSCE applications are made against established test administration windows, with one administration permitted by a candidate in a given window. After applications have been processed, candidates will be eligible to test within their selected test administration window. Other considerations (including retest rules and requirements) may reduce the eligibility period to a shorter timeframe.

Candidates who do not schedule a testing appointment and fail to complete their examination within their assigned eligibility period will have to submit a new application and fee to take the examination.

All information candidates provide when registering for the DENTPIN or submitting their application must be accurate.

If the name candidates provide on their examination application does not match the name that appears on their candidate ID exactly, permission to test will be denied at the test center. As a result, the testing appointment and application fee will be forfeited and a new application will be required.

Candidates are responsible for identifying any changes and corrections to their application (such as name, birth date, etc.) and submitting corresponding requested updates at least five business days prior to their testing appointment. All changes and corrections should be emailed to [dentpin@ada.org](mailto:dentpin@ada.org). Name changes and birth date corrections require completing a separate DENTPIN Form, which is available under “Change Your DENTPIN Information” on [ADA.org/DENTPIN](http://ADA.org/DENTPIN). This form must be emailed to [dentpin@ada.org](mailto:dentpin@ada.org) along with the candidate’s DENTPIN and any appropriate documentation, such as a marriage certificate or court documents.

**If it is determined that a candidate deliberately falsified personal information (name, DENTPIN, etc.) in the DENTPIN system, examination application, or at the test center, the candidate’s results will be voided and all necessary parties – including state boards and school programs – will be notified. Possible repercussions from this action include a required two year waiting period before taking the examination again, or a complete banning from the Examination Program and any other examination program implemented through the DTS.**

# EXAMINATION INFORMATION

## ADMINISTRATION VENDOR TEST CENTER PROCEDURES

The Administration Vendor will electronically capture the identity of each candidate biometrically (e.g., through fingerprint, palm vein print, photograph) before candidates can proceed with testing. Candidates must consent to these procedures before they are permitted to test. Electronic capture of biometric data allows for an easier and quicker return to testing after breaks. Biometric and other identification information will be retained by the Administration Vendor and will be utilized for identity verification at potential future test administrations (e.g., retesting).

Administration Vendor staff will visually inspect eyeglasses and hair accessories as part of check-in procedures. Staff may also use a detection wand to scan for electronic devices. Jewelry, except for wedding and engagement rings, is prohibited. Updates to security protocol at check-in may change with little to no advance warning. Candidates can view the current check-in procedures at the Administration Vendor's website.

Administration Vendor staff will observe candidates at all times during the testing appointment; this observation will include staff walking through the secure testing room, as well as video recording of the candidate's examination session. Administration Vendor staff are required to report behavior that might represent a violation of rules and regulations.

Administration Vendor staff are not authorized to answer questions from candidates regarding examination content, examination software, or scoring.

## RESCHEDULE OR CANCEL A TESTING APPOINTMENT

To reschedule or cancel a testing appointment, candidates must contact the Administration Vendor in advance of the testing appointment. Additional fees apply, and must be paid directly to the Administration Vendor (see the Examination Fees section of this Guide). To reschedule an appointment, contact the Administration Vendor. The local test center cannot schedule, reschedule, or cancel your appointment. Appointments must be canceled or rescheduled by the business day prior to the test (at least 24 hours in advance of the scheduled appointment). Candidates will receive a confirmation notification when rescheduling their testing appointment; make sure to retain a copy of this confirmation.

## NO-SHOW POLICY

Candidates who do not appear for a scheduled testing appointment and do not cancel or reschedule their appointment by the required time in advance of the test date will forfeit all testing fees, be required to submit a new application, and must pay the fee to schedule a new appointment.

## EMERGENCIES ON THE DAY OF A TESTING APPOINTMENT

If an emergency occurs on the day of a testing appointment that prevents a candidate from sitting for their examination, a written request for relief must be submitted to DTS. This request should include applicable documentation and be sent to [testingproblems@ada.org](mailto:testingproblems@ada.org) within five business days of the appointment.

Examples of emergencies and applicable documentation include, but are not limited to, the following:

- Sudden illness on the examination day. Provide a doctor's note or hospital records confirming that you were treated on the day of the examination.
- Death of a member of the family on the examination day. Provide a copy of an obituary, prayer card, funeral service program, or death certificate confirming that the relative passed away or services were held on the day of the examination.

Testing appointments affected by emergencies occurring prior to the day of the actual testing appointment should be handled through the Administration Vendor's rescheduling and cancellation process indicated previously.

# EXAMINATION INFORMATION

## TESTING PROBLEMS ON THE DAY OF THE TESTING APPOINTMENT

If a candidate encounters a problem during their examination, the administration should not be resumed until the issue has been documented and resolved by the test center administrator. Concerns not resolved at the time of testing must be submitted in writing within five business days of the testing appointment to [testingproblems@ada.org](mailto:testingproblems@ada.org).

Candidates must contact [testingproblems@ada.org](mailto:testingproblems@ada.org) directly, and state the specific relief being requested. Upon receipt of directly communicated information, DTS will conduct an investigation and notify the candidate of the outcome. Candidates with documented, unresolved testing issues could be offered the opportunity to retest within 30 days. Results of the retest will replace the results of the initial test.

Test center incident reports submitted on behalf of the candidate, and comments submitted by the candidate via post examination surveys are considered indirect communication to the DTS. These indirect communications may be considered by DTS as part of its general quality assurance procedures, but would not result in specific relief for the candidate.

Scores cannot be canceled or adjusted under any circumstances.

## TESTING ACCOMMODATIONS

The Examination Program provides reasonable and appropriate testing accommodations in accordance with the Americans with Disabilities Act. These accommodations occur for individuals with documented disabilities or medical conditions who demonstrate a need for accommodation, request an accommodation prior to testing, and who are approved by the Examination Program to receive accommodations based on the information submitted.

Testing accommodations are offered to those with a qualified disability or a medical condition in order to offer equal access to testing. Candidates must request testing accommodations with each application, but—for subsequent administrations—will not be required to submit additional documentation covering the same disability or condition.

Information concerning specific accommodations provided will not be shared outside of DTS, the test center, and the Examination Program, and will not be indicated on examination results.

In considering a request from a candidate with a disability, the Examination Program is guided by a focus on validity. Testing accommodations are provided so all candidates have the opportunity to demonstrate their knowledge and skills, as opposed to having the measurement of their knowledge and skills inappropriately reflect a disability.

The following information will be used to help determine whether candidates qualify for accommodations under the Americans with Disabilities Act or as a result of a current medical condition.

The Examination Program requires a complete evaluation of the candidate as well as a completed and signed Testing Accommodations Request Form. A health care professional appropriately qualified to evaluate the disability or medical condition must conduct the evaluation. For more information on accommodations and an explanation of how to request testing accommodations consult the Testing Accommodations Request of the Examination Program website (see the section entitled “Apply to Take ...” the Examination).

Candidates with a documented disability recognized under the Americans with Disabilities Act that testing accommodations must submit the following three documents prior to testing:

1. an application to test,
2. the Testing Accommodations Request Form, and
3. the supporting documentation.

# EXAMINATION INFORMATION

## TESTING ACCOMMODATIONS (continued)

Procedures for submitting a request for testing accommodations are as follows:

- In the electronic application to take the Examination, select “Yes” when asked whether testing accommodations are requested.
- Submit the following documents to [testingaccommodations@ada.org](mailto:testingaccommodations@ada.org):
  - Testing Accommodation Request Form found on the Examination Program website, signed and dated, indicating the disability, and the request for accommodations. Accommodations should align with the identified functional limitation so that the adjustment to the testing procedure is appropriate.
  - Current evaluation report (from within the past five years) from the appropriate health care professional. The document must be on official letterhead and should include the professional’s credentials, signature, address, and telephone number. The report must indicate the candidate’s name, date of birth, and date of evaluation. The report should include:
    - information concerning the specific diagnostic procedures or tests administered. Diagnostic methods used should be appropriate to the disability and in alignment with current professional protocol.
    - the results of the diagnostic procedures and tests, and a comprehensive interpretation of the results.
    - the specific diagnosis of the disability, with an accompanying description of the candidate’s limitations due to the disability.
    - a summary of the complete evaluation with recommendations for the specific accommodations and how they will reduce the impact of the identified functional limitation.
  - Documentation of any previous accommodations provided by educational institutions or other testing agencies. If no prior accommodations were provided, the licensed professional should include a detailed explanation as to why no accommodations were given in the past and why accommodations are needed now.

**Candidates can schedule a testing appointment ONLY after testing accommodation requests have been approved. Testing accommodations cannot be added to a previously scheduled testing appointment. If candidates schedule testing appointments before testing accommodations are approved, candidates will be required to cancel the appointment and pay a rescheduling fee. Candidates requesting accommodations must receive their eligibility email (with approved accommodations) before scheduling a testing appointment.**

## UNACCEPTABLE FORMS OF DOCUMENTATION

Please do not submit the documents indicated below. They will not be accepted.

- Handwritten letters from health care professionals
- Handwritten patient records or notes from patient charts
- Diagnoses on prescription pads
- Self-evaluations
- Research articles
- Original documents (submit copies only)
- Previous correspondence to the Examination Program (DTS maintains copies of all correspondence)

# EXAMINATION REGULATIONS AND RULES OF CONDUCT

## RULES OF CONDUCT

Rules have been established that govern the administration of this examination to ensure results accurately reflect candidates' skills. Examination regulations and rules of conduct help preserve the integrity of the examination process and provide standardized examination administration conditions that yield valid and reliable results.

The Examination Program bears no responsibility for inaccurate information or inappropriate permissions received from test center administrators. It is your personal responsibility to understand and comply with the Examination Regulations indicated in this guide. If a candidate's conduct is determined to violate the terms set forth in this Guide, the Examination Program will act to strictly enforce its policies and procedures.

Accessing official examination content prior to testing, breaching the confidentiality of examination content, or any attempt to subvert the examination process represent violations of test regulations. Conduct occurring before, during, or after testing that violates the examination regulations and rules of conduct could result in invalidation of examination results and other penalties.

Candidates must be truthful in completing the application and must abide by all instructions regarding examination conduct. **Failure to comply with the examination regulations and rules of conduct could result in a determination of the presence of an irregularity, and examination results could consequently be voided. If results are voided as a result of an irregularity, candidates could be prohibited from testing for a specified time period or, in egregious cases, from retesting at all. Additionally, candidates could face civil or criminal prosecution.**

By applying for the examination, candidates agree to abide by the following Rules of Conduct:

1. The candidate certifies that they are registering for this examination for the purpose indicated in the Examination Purpose section of this Candidate Guide. The examination may not be taken on behalf of anyone else or for any reason other than for the purpose indicated. Candidates may not take the examination to practice or to obtain an advance review of the content
2. Candidates are not allowed to complete an examination for any reason other than that indicated by the Examination Purpose. If available information suggests a previously eligible candidate might be completing an examination for other purposes, the Examination Program may revoke the candidate's eligibility, and the candidate could be required to re-establish eligibility to take the examination.
3. Candidates will not give, receive, or obtain any form of unauthorized assistance prior to the examination, during the examination (e.g., in the testing room or when on a break), or subsequent to the examination.
4. Candidates will maintain the confidentiality of examination content at all times. Candidates will not reproduce or attempt to reproduce examination materials through memorization, recording, copying, or other means. Candidates will not provide information concerning examination content that might affect the examination's ability to accurately assess candidates' skills, or that might provide unfair advantage to other candidates. For example, Candidates will neither make use of nor participate in the sharing or distribution of information regarding examination content or answers (via electronic means or otherwise).
5. Candidates will not bring any unauthorized materials, as listed in the Examination Misconduct section of this Guide, into the secure testing area. All unauthorized materials must be placed in an assigned locker and may not be accessed during testing.
6. Candidates will not remove information about the exam (written, printed, recorded, or other) from the test center.
7. Candidates will comply with Administration Vendor test center policies and procedures and will not create a disturbance in the test center.
8. Candidates will not tamper with the computer testing equipment and facilities.
9. Candidates will cooperate fully with any investigations involving testing irregularities and agree to have their examination analyzed to detect aberrancies.
10. This Examination is a secure examination protected by U.S. copyright laws. Any unauthorized disclosure of the examination's content could result in civil liability, criminal penalties, voiding of examination results, or other appropriate penalties.

# EXAMINATION REGULATIONS AND RULES OF CONDUCT

## RULES OF CONDUCT (continued)

**Test content (in whole or in part) is prohibited from being disclosed before, during, or after the test to anyone, including but not limited to: family, friends, classmates, colleagues, or test preparation organizations. This applies to any content disclosed through discussions, emails, in writing, online (e.g., blogs, social media, websites), or otherwise.**

Candidates who receive unreleased test items should immediately contact DTS at [testsecurity@ada.org](mailto:testsecurity@ada.org), and should NOT review the materials they have received. Candidates who have been found to be in possession of such information—or to have participated in the distribution of this information—may have examination results voided. Penalties might be imposed subsequent to discovery and investigation of the original incident, which could occur years after the incident itself.

Candidates are encouraged to report any activities where information about examination questions is disclosed, so that DTS can investigate and take any necessary action. Report such activity to DTS at [testsecurity@ada.org](mailto:testsecurity@ada.org).

## PRIVACY AND SECURITY

The Examination Program will maintain the privacy and security of candidates' personal information using industry standard methods. DTS will collect and retain personal information to serve candidate needs, administer the examination, fulfill Examination Program responsibilities (e.g., to maintain the integrity of the test and detect and prevent unlawful activity), and fulfill legal requirements. Examination results shall be retained indefinitely, along with testing records and candidates' personal information.

Before the examination is administered, candidates will be required to provide a written release concerning the collection of their biometric information. Biometrics are collected by the Administration Vendor for purposes of verifying identity and detecting and preventing unlawful activity; the data is stored securely by the Administration Vendor.

As applicable and in accordance with the purpose of the Examination Program, examination results will be released or reported to state boards, education programs, or other entities upon written candidate authorization or designation by electronic means through the electronic application or score report request form. Examination results may be released or reported in the absence of such authorization when policies indicate that such notification is appropriate (e.g., notification of state boards concerning an irregularity). Examination results may be released to education programs to enable those programs to understand student outcomes. For research and policymaking purposes, examination results may be released—with personally identifying information removed—to individuals or entities that the Examination Program deems legitimately interested. Information regarding privacy policies is made available to all candidates and the public.

The ADA provides technical support for the Examination Program and uses data security procedures to protect the integrity of personal and exam information. Security safeguards include administrative, technical, and physical safeguards over data and data processing systems. For information on policies relating to your use of the ADA website, please refer to the Privacy Notice and Terms of Use available at [www.ada.org](http://www.ada.org).

# EXAMINATION REGULATIONS AND RULES OF CONDUCT

## EXAMINATION MISCONDUCT

The Examination Program strives to report results that accurately reflect the skills and performance of each candidate. The standards and procedures for administering each examination are intended to provide candidates with a reasonable opportunity to demonstrate their skills, and to facilitate accurate evaluation of those skills.

The Examination Program reserves the right to withhold, void, or invalidate any result when, in the Examination Program's judgment, it is reasonable to question the validity of the result. Reasons for withholding, voiding, or invalidating results, or for imposing other appropriate penalties, could include, but are not limited to, the following:

- Unusual answer patterns
- Atypical score increases from one examination attempt to another
- Discrepancy in, or falsification of, a candidate's identification
- Information indicating that a candidate has engaged in misconduct or a violation of the examination regulations, rules of conduct, or test center procedures
- Sharing of remembered exam questions or answers. This includes sharing through social media platforms, online discussion forums, or other means
- Taking an examination on behalf of another individual, or having another individual take an examination on your behalf
- Falsification of application information or supporting documents
- Falsification of a candidate's results or results report
- Inconsistent performance on different sections of the exam from one examination attempt to another
- Improper access to secure exam content
- Evidence is available concerning the presence of an examination administration irregularity
- Any other information indicating the results might not be valid.

When examination results are voided or invalidated, the candidate is notified in writing. This notice includes information about the decision and the procedure for appeal. Results will remain voided until an appeal process has been completed, or the time for appeal has expired.

When previously reported results are voided, the score report recipient will be notified in writing that the result has been voided.

If it is determined a candidate has engaged in irregular behavior, information regarding this determination becomes a part of the candidate's record. At its sole discretion, the Examination Program may elect to send a summary report documenting the incident to legitimately interested parties. This would include all parties to whom a candidate has instructed results be sent (both currently and in the future).

In situations where an irregularity has occurred, individuals who are involved or implicated with respect to the occurrence of the irregularity, or who are reasonably believed to have witnessed the irregularity, could be asked to provide information concerning the irregularity.

**The Examination Program reserves the right to pursue other remedies, including prosecution of anyone whose conduct unlawfully undermines the security of the examination or the integrity of the examination process.**

No personal items are permitted in the secure testing area. Any personal belongings brought to the test center must be stored in a designated locker; storage is limited. Personal belongings may be inspected. Notes or any materials accessed during the examination or on an unscheduled break could be confiscated. Accessing personal belongings or a locker during an unscheduled break violates the examination regulations. Test administrators are **NOT** authorized to provide permission to candidates to access personal belongings or lockers during an unscheduled break.

# EXAMINATION REGULATIONS AND RULES OF CONDUCT

## EXAMINATION MISCONDUCT (continued)

Items that are prohibited from the secure testing area include, but are not limited to, the following:

- Books, notes, study materials, scratch paper, tissues, and markers
- Personal earplugs and headphones NOT provided by the Administration Vendor. Headphones NOT provided by the Administration Vendor.
- Dental instruments, models, or materials
- Slide rules, paper, calculating devices, rulers, and other measuring devices (except those items approved in advance under testing accommodations)
- Electronic devices such as cell phones, recording devices, iPods, tablets, and headsets
- Tote bags, purses, wallets, backpacks, and briefcases
- Highlighters, pens, erasers, pencils, dictionaries, and translators
- Food, candy, gum, and beverages (except those items approved in advance under testing accommodations)
- Outerwear, such as coats, jackets, gloves, or head coverings (religious attire is allowed)
- Good luck charms, statues, religious or spiritual items, and similar objects
- Watches (digital, analog, or smart) or timing devices (a timer is provided on the computer screen during the examination)
- Magnifying devices
- Jewelry (except for wedding and engagement rings)

The test center will provide two note boards (without graph lines) and two low-odor fine tip markers during the examination. Used note boards will be replaced by test center staff upon request. Scratch paper, pencils, and markers not furnished by the testing center are prohibited. You are not guaranteed to receive graph lines on your provided materials.

Candidates may not write on the note boards before the test begins or during scheduled breaks. The note boards should not be folded, bent, distorted, or modified in any manner. Markers cannot be used any surface other than the note boards. Candidates may not touch the monitor during the examination. All items provided must be returned to the test administrator before leaving the test center. Test center note boards will not be stored for multiple day examination use. Any notes taken will be surrendered at the end of each testing day and erased.

Candidates may not engage in conversation with others during testing or while on an unscheduled break. Discussing the examination is strictly prohibited.

Test center administrators will report the activity of candidates who take unscheduled breaks.

**During an unscheduled break, candidates may NOT access personal belongings or prohibited items, study or refer to notes or texts, use a telephone, eat or drink any food or beverages from lockers, or leave the test center. Test administrators are NOT authorized to provide permission to engage in these activities.**

Although the examination is administered under strict supervision and security, examination irregularities can sometimes occur. Examination results could be voided based upon a breach of examination security, invalid examination conditions, or candidate violations of the examination regulations, rules of conduct, or test center procedures. If irregularities are detected during the examination, or evidence of irregular behavior is disclosed when the examination is scored or afterward, those involved will have their examination results voided and face appropriate penalties.

**Failure to comply with examination regulations, rules of conduct, and test center procedures could result in a determination of the presence of an irregularity, and examination results could be withheld, canceled, considered invalid, or another appropriate penalty could be imposed. Candidates might also be directed to leave the test center before the examination is completed. If results are withheld or invalidated, or other penalties are proposed or imposed as the result of an irregularity, candidates could be prohibited from testing and other appropriate penalties could be imposed.**

# EXAMINATION REGULATIONS AND RULES OF CONDUCT

## IRREGULARITIES AND APPEALS

An irregularity is defined as a situation in which there could be a question about the validity of examination results in accurately reflecting the ability and skills of a candidate.

For example, such questions could be raised when:

- there is communication between candidates during the testing session.
- unauthorized assistance occurs.
- candidates have inappropriate access to examination content (e.g. remembered questions or answers are shared by email, online posting, or other means).
- conduct prohibited by the examination regulations, rules of conduct, or test center procedures occurs or examination administration disruptions are present, including natural disasters and other emergencies.

When an irregularity is identified, results for the candidate(s) involved will be voided pending resolution of the corresponding appeal(s). If an appeal is denied or no appeal is filed, the results of the candidate(s) involved could remain voided and/or other appropriate remedies imposed.

Candidates whose results are subject to being voided are notified by written correspondence and provided with a copy of the *Limited Right of Appeal for Examination Candidates*. Appeals must be submitted in writing within 30 days of notification of the irregularity. **Appeals must be submitted in writing within 30 days of notification of the irregularity. Appeals must clearly state the specific relief being requested and include corresponding arguments, evidence, and documentation in support of the request.**

The candidate will be notified of the appeal decision within 60 days after receipt of the appeal.

When considering an appeal, the Examination Program strives to ensure that examination results accurately reflect candidates' skills, and that the appealing candidate has an opportunity equal to, but not greater than, the opportunity provided to other candidates.

Results will be voided when there is a reasonable and good faith basis to do so. If it is determined that voiding results is not warranted under the circumstances, the results will be released.

Candidates should be aware that irregularities - other than natural disasters and emergencies beyond the control of the candidate - are considered to be a serious breach of the examination process.

The Examination Program strives to handle irregularities and their investigation in a confidential, professional, fair, and objective manner.

Candidates should be aware that reports of irregularities may have consequences beyond the voiding of results or the imposition of other appropriate penalties.

- Information regarding the irregularities may be brought to the attention of school authorities, regulatory agencies, or other entities, by other sources.
- Additional information concerning a candidate may surface within the context of an investigation into an irregularity.

Candidates are encouraged to report suspicious activity or observations of violations of the examination regulations to DTS at [testsecurity@ada.org](mailto:testsecurity@ada.org).

# EXAMINATION IRREGULARITIES AND MISCONDUCT

## ARBITRATION REQUIREMENT

Arbitration has become an increasingly common way to resolve legal differences. Generally speaking, the advantages of arbitration over traditional lawsuits are that arbitration is less expensive and issues are resolved in less time. If a candidate wishes to pursue a dispute that has not been resolved by the appeal process mentioned above and detailed in the Limited Right of Appeal for Examination Candidates, the candidate must use the procedure described in the following Agreement to Arbitrate.

## AGREEMENT TO ARBITRATE

1. In the event that any legal dispute arises between you and the Examination Program, in connection with your participation in this Examination Program, where that dispute is not resolved by the appeals process detailed in this Guide and elsewhere, you agree that the exclusive means for resolving the dispute shall be Binding Arbitration as described by the terms of this Agreement. This means that you waive the rights you may have to resolve the dispute in a court of law, or by any other means that might otherwise be available to you.
2. The American Dental Association (“ADA”) agrees to be similarly bound except that the ADA reserves its full rights to pursue injunctive and other appropriate relief in any state or federal court in cases of unfair competition or violations of, or threats to violate, any intellectual property rights of the ADA. With respect to any action filed by the ADA pursuant to this paragraph 2, you consent to submit to the jurisdiction of the state or federal court in which the ADA seeks relief.
3. Arbitration proceedings initiated pursuant to this Agreement to Arbitrate shall be conducted in accordance with the then current Consumer Arbitration Rules of the American Arbitration Association. The arbitrator’s award shall be binding and may be entered as a judgment in any court of competent jurisdiction. Information about the American Arbitration Association, its rules, and its forms are available from the American Arbitration Association website, [www.adr.org](http://www.adr.org).
4. In the event of Arbitration, and except to the extent the Consumer Arbitration Rules provide otherwise, the parties shall bear their own costs and attorneys’ fees associated with the Arbitration proceedings, unless the arbitrator directs one of the parties to pay the other’s costs, or attorneys’ fees, or both.
5. To the fullest extent permitted by law, no Arbitration brought pursuant to this Agreement shall be joined to any Arbitration involving any other party whether through “Class Arbitration” proceedings or otherwise.
6. This Agreement is part of the application to take this examination. Your assent to be bound by it is a requirement for taking the examination, but you can only sit for the examination if you also fulfill all other conditions imposed by the Examination Program.
